(used for UYS purposes only)

Parents names: \_\_\_\_\_ and \_\_\_\_\_  
(Dad) (Mom)

### Contract

I \_\_\_\_\_ promise to work hard in school to become the best person that I can be. I will not be dishonest in this competition or in classes. I promise to educate myself and push myself as far as I can go. I promise to overcome all obstacles that are placed before me with the strength that God has given me. My goals will be set and I will continue to strive until they are met. I will do all that I can to help my parents by being helpful with house chores. I will do my best in classes and not allow the temptation of peer pressure to overcome me. My present grades will not drop; but rise, as my mind will allow them. I will not try to be like others but myself, knowing that I can only be the best at being me. I will encourage others through my motivation. I will pride myself in knowledge. I will become a successful adult. In this competition, I will give my all and study as hard as I can to become a winner. With being a winner does not mean that I have won the competition, but that I have challenged myself to be a winner. I know that if I do not place 1<sup>st</sup> in this competition, it does not make me a loser but a person who did not finish first. "I am beautifully and wonderfully made". There is no one like me. Moreover, because there is no one like me, I have to be the best me, in order for me to fit perfectly into this puzzle we call "World". I will dress like a successful person. I will think like a successful person. I will act like a successful person. I will BE successful.
